

## Dante Maria ACETI - CV

Dante Maria Aceti got a B.Sc. In Material Science and M.Sc in Material Science and Engineering at University of Calabria (Unical), Italy. He spent a period of internship, working on his master thesis at CREOL, (The College of Optics and Photonics), University of Central Florida, US. He worked as MSCA Early Stage Researcher and PhD student at the Istitute of Electronics, Bulgarian Academy of Sciences. Now he is a research fellow at the Nanoscience Laboratory for Human Technologies (NLHT) of Unical. His research interests include nanostructured materials (e.g. plasmonics, ENZ-materials) and optical techniques for material manipulation (e.g. optical tweezers).
